Strikers Reject Car Company's Arbitration Plan.

HAVE COUNTER PROPOSITION

Mayor Hunt Appears in the Role of
 Mediator in the Cincinnati Dispute.
 Men Decline to Call Off Suspension
 Pending Negotiations For Settle-
 ment—State Arbitration Board Ten-
 ders Services.

Cincinnati, O., May 12.—The suspen-
 sion of the streetcar strike, which has
 paralyzed transportation in this city
 since Saturday, was postponed late
 last night when officials of the street-
 car men's union refused to entertain
 a proposition by the traction officials
 to arbitrate their difficulties. The
 union officials say that they will give
 a definite statement some time today.
 In the interim they propose to con-
 tinue the present tie-up.

The arbitration proposition was
 made to Mayor Henry T. Hunt by
 Kesler Schaefer, president of the trac-
 tion company, after the latter had
 been in conference for many hours in
 the afternoon with the board of direc-
 tors of the company. The company
 asked for an arbitration board to be
 composed of one member represent-
 ing the traction companies and one rep-
 resenting the streetcar men's union,
 these two to choose a third. In case

DAUGHERTY'S POSITION

Says He Will Not Resign at the
 Instance of Progressives.
 Columbus, O., May 12.—In a state-
 ment declaring resignation would be
 desertion, Harry M. Daugherty de-
 clares he will not resign the chair-
 manship of the Republican state ex-
 ecutive committee, even to promote a
 return of the Progressives to the Re-
 publican fold, but, he adds, he has no
 present intention of becoming a can-
 didate to succeed himself next year
 when the new state central commit-
 tee, to be chosen by state primary,
 meets to select a campaign chairman.
 He asserted no man or newspaper
 that supported the entire Republican
 ticket last year had asked his resigna-
 tion.

HER NATIONAL PRIDE AT STAKE

Danger In the Attitude Japan
 Has Chosen to Adopt.

SITUATION HELD VERY GRAVE

In Case Governor Johnson Signs the
 Alien Land Bill, the Administration
 Must Throw the Entire Support of
 the Government to California. In
 Further Discussions With the Jap-
 anese—Latest Disclosures.

Washington, May 12.—The Jap-
 anese situation was disclosed in a
 more serious light here when it be-
 came known that the Japanese gov-
 ernment in its protest against the
 California alien land bill makes the
 issue one affecting her national pride
 and honor rather than the mere ques-
 tion of alleged violation of treaty
 rights.

The significance and also the dan-
 ger in this attitude, which the Jap-
 anese have chosen to adopt, was
 promptly realized here. At the same
 time it was disclosed that the admin-
 istration here does not consider that
 the California bill is in violation of
 the treaty rights of the Japanese.

The holding of this view on the part
 of the president and his advisers
 makes it incumbent on them, in case
 Governor Johnson signs the bill, to
 throw the entire support of the fed-
 eral government to California in fur-
 ther discussions with the Japanese
 government. This attitude will ren-
 der it less easy for the United States
 to make any concessions to Japan or
 smooth the path for an amicable set-
 tlement of the controversy.

Issue Made One of Honor.

On the other hand, Japan has made
 the issue one of national pride and
 honor, and can not easily yield her
 position without being in danger of
 suffering humiliation. Where it
 would have been comparatively sim-
 ple for both sides to reach some agree-
 ment on a dispute of a purely legal na-
 ture, such as the interpretation of the
 terms of a treaty, it will now be more
 difficult for either side to give way.

Further light on the position taken
 by the Japanese was shed when the
 reasons why the Japanese protest
 have not been made public were
 learned. The fact is that Japan re-
 gards the present issue as possessing
 such serious possibilities that she
 wished to be in position to speak with
 the utmost frankness, and therefore
 asked that no publicity be given to
 anything she had to say. The admin-
 istration is bound by solemn com-
 mitment to disclose no details of the
 communications presented by Am-
 bassador Chinda. Publication of the
 Japanese protest will occur only by
 express agreement between Tokyo
 and Washington. Ambassador Chinda
 has also been instructed that he
 must say nothing for publication with-
 out authorization from his govern-
 ment. With these restrictions agreed
 upon, the Japanese government has
 spoken very plainly, but in the most
 cordial spirit, to the United States.

That Japan will look solely to the
 government of the United States for a
 remedy of the impending obnoxious
 situation was likewise made known.
 The Japanese government has no in-
 tention of taking a hand in any action
 before the United States courts for
 the purpose of testing the validity of
 the proposed California law. The ques-
 tion of the eligibility of Japanese to
 American citizenship has not been
 raised by Japan.

Woman Suffrage Hearings.

Washington, May 12.—Senator
 Thomas, chairman of the committee
 on woman suffrage of the senate, an-
 nounced that hearings would begin to-
 morrow on the merits of Senator
 Chamberlain's bill proposing a consti-
 tutional amendment granting equal
 suffrage.

HAVE REORGANIZATION PLAN

Would Remedy the Causes in the Re-

 Separation—Believe Republican Na-
 tional Committee Should Call a Re-
 publican National Convention at an
 Early Date.

Chicago, May 12.—That coming of
 the Progressive party with the Repub-
 lican party is not only desired, but is
 actually sought, was the gist of senti-
 ment expressed at the close of a two
 day conference at which Republi-
 can leaders outlined plans for reorgan-
 ization of the party.

Herbert S. Bixby, formerly gov-
 ernor of Missouri, who with Senators
 Albert B. Cummins of Iowa, William
 E. Borah of Idaho and L. V. Sherman
 of Illinois, led in the discussion at the
 conference, said afterward that the
 desire to have those back in the party
 who left it to join the Progressive
 party was "manifest." The coalition,
 he added, was not to be effected by
 any mechanical schemes, such as the
 passage of resolutions by any of the

COX SEES WILSON

Discusses Question of Flood Preven-
 tion in the West.

Washington, May 12.—Governor
 Cox of Ohio discussed with President
 Wilson the question of prevention of
 floods in the central states. The gov-
 ernor told the president he thought it
 high time that congress appropriated
 funds for development of the inland
 waterways and that the recent floods
 compelled preventive measures at
 once. He suggested reservoirs at the
 headwaters of the Mississippi Valley
 system, which could be used to regu-
 late the range as well as for water-
 power development. "I found the
 president very sympathetic," said
 Governor Cox, "to the idea of flood
 prevention, especially at the head
 waters."

TWELVE THOUSAND MILE CRUISE FOR TWO BRIDAL COUPLES

Two happy brides started from New York the other day for a 12,000-mile cruise up the Amazon on a honey-
 moon which will last two months. The party will cruise farther up the Amazon than is usual for excursionists.
 Mr. Benedict, the owner of the yacht Onaida, considers this unexplored region the most beautiful in the world
 and has visited it several times. The members of the party are: Seated from left to right Mrs. Colgate Hoyt
 (bride), Commodore E. C. Benedict, Mrs. Richard Sinclair Blair (bride). Standing from left to right, Mrs. Edwin
 Boers, Mrs. Gerhard Colgate Hoyt, Dr. Griffin, Dr. Jones.

Democrats to Secure Referendum If
 Anti-Alien Bill Is Signed.

Sacramento, Cal., May 12.—Govern-
 nor Johnson refuses to take seriously
 the insistent demands of Ambassador
 Chinda that any haste is needed in
 dealing with the alien land question.
 The governor, according to his friends,
 is determined to sign the Webb alien
 land bill.

As soon as Governor Johnson signs
 the Webb bill, California Democrats
 are ready to proceed at once to secure
 a referendum election on it. Theod-
 ore Bell, who was defeated at the
 last election for governor, but who is
 the Democratic leader of the state,
 has had a number of referendum peti-
 tions prepared and these will be put
 out as fast as soon as the Webb bill is
 signed. Bell proposes to get all six
 measures possible in order to show pub-
 lic sentiment is against the leasing
 clause in the bill.

SCANDAL CAMPS ON THE TRAIL

MAKES WARM ATTACK ON FORMER CHIEF

Doctor Sturm Claims He Has All
 Friedmann Secrets.

New York, May 12.—Dr. Maurice
 A. Sturm, formerly Dr. Friedmann's
 aid, announced that he had all the
 Friedmann secrets and that he was
 ready to hand them over to any pub-
 lic institution or any reputable phy-
 sician who would receive instructions
 from him as to the use of the vaccine.

Dr. Sturm said that he had received
 his knowledge of the intricacies of
 the vaccine as a scholar would receive
 the instruction of a professor. For
 over two months, he said, he and the
 Berlin doctor had practically lived to-
 gether, and during that time no at-
 tempt had been made to keep the vac-
 cine a close secret.

The announcement follows the be-
 ginning of Dr. Sturm's \$100,000 suit
 against Dr. Friedmann for commis-
 sion. Dr. Sturm said he would not
 be surprised if some action is brought
 against him as the result of his an-
 nouncement, but he said he was sat-
 isfied with the "things he knew about Dr.
 Friedmann."

Dr. Friedmann would make no an-
 swer to this attack. In response to
 Dr. Sturm's telling he had the vaccine
 Dr. Friedmann made this statement:
 "I never gave Dr. Sturm any of my
 vaccine or my cultures. He never
 had any access to them."

Financier Says There Are Too
 Many Bachelors and Spinsters.

In a statement Mr. Cutting informs the
 Episcopal clergy that the number of un-
 married men and women is too large. The
 church should directly teach its maturing
 girls and boys the wisdom of well consid-
 ered marriage when undertaken as a di-
 vine ordinance. It should provide instruc-
 tion in the ethics of marriage, its obliga-
 tions, responsibilities and privileges and
 in the practice of domestic economy.

WAR BOARD NAMED

Friends of Primary Reform in New
 York Invited to Contribute.

Albany, N. Y., May 12.—Subscrip-
 tions amounting to \$250,000 would be
 raised at once by Governor Sulzer's
 primary war board. This was voted
 by the committee of ways and means,
 of which Henry Morgenthau is chair-
 man. Governor Sulzer started the
 contributions with \$250. William R.
 Hearst, Ralph Pulitzer, George W.
 Perkins, Charles J. Edwards and T.
 M. Osborne were named as an execu-
 tive committee of the ways and means
 committee, and they will send out let-
 ters inviting contributions from
 friends of primary reform.

After the opening direct primary
 meeting at Buffalo Monday, Governor
 Sulzer and his party, which will in-
 clude Colonel Roosevelt, John Purroy
 Mitchell and other prominent speak-
 ers, will make its way by counties to
 New York city, where the campaign
 will close a few days before the date
 of the reconvening of the legislature.

PROGRAM FOR ANNUAL ENCAMPMENT OUTLINED BY HEAD OFFICIALS

General Orders Issued to Every Grand Army Post in Ohio Contain Official Announcement of Various Meetings of the Veterans in This City Next Month.

General orders No. 9 issued from the headquarters of the Ohio Grand Army of the Republic, contain a general outline of the encampment here in June, and the orders have been forwarded to every post in the state, so that all veterans have had an opportunity to become acquainted with the contents of the order.

In connection with the encampment here June 16th to 20th, the orders give the following information: The officers of the Grand Army and the various Auxiliary organizations will be quartered at the Cherry hotel. Comrades and members of other organizations wishing to engage quarters at hotels or private houses will communicate with William McClain, chairman committee on entertainment.

Announcements for the week are: Monday evening—Greetings to the Grand Army of the Republic by the Auxiliary organizations, in Grace M. E. church.

Tuesday evening—Meeting of welcome to all the invited guests, by citizens of Washington C. H., at Grace M. E. church.

Tuesday evening, also, from 6:30 to 7:30 o'clock a reception will be given by the officers and members of the Woman's Relief Corps to the department commander and staff, delegates and visiting comrades, in the Y. M. C. A. building.

First session of the encampment will open Wednesday morning, June 18th, at nine o'clock in the Empire Opera House.

Grand Army parade will take place Thursday afternoon, moving promptly at 1:30 o'clock, under the direction of J. Cory Winans, chief of staff. The line of march will be short and the department commander desires all comrades present to take part in this parade.

Camp-fires will be held on Wednesday and Thursday evenings.

These camp-fires will be of unusual interest by reason of the distinguished comrades that will be present and speak.

Comrades Alfred B. Beers, commander-in-chief; Joseph B. Foraker, of Cincinnati; John McElroy, of Washington, D. C.; Isaac R. Sherwood, of Toledo; General J. Warren Kiefer, of Springfield; R. B. Brown, of Zanesville; and Hon. Washington Gardner, of Michigan, have accepted invitations to be present and address the comrades.

School House Lawn Graded

For some little time the work of removing the mountain of earth taken from the basement of the new school building, and grading the school house lawn, has been under way, and this week will witness the completion of the work, with the probable exception of the top coat of soil to insure the grass securing root.

When the soil is placed in position and the grass secures a firm hold, the lawn will be very beautiful, sloping gently from the building to the terrace wall along the sidewalk.

Work on the interior of the building is still in progress, but moving very slowly. All of the exterior of the building is now complete with the exception of the heating plant chimney, which is nearing completion.

The structure is one of the most attractive high school buildings in any city in the state.

Oiling Work Moving Slowly

The work of oiling the streets is moving very slowly, and indications are that it will not be completed this week as anticipated, but will be carried over into next week, regardless of the fact that two contractors are doing the work this year.

Some of the principal streets have not been touched as yet, but will probably be oiled within a few days.

Henry Kampf Piqua Editor Was Boosted By Governor

For the Postoffice in the Miami County Metropolis—Appointment Must Be Made Soon on Account of Vacancy Caused By Death of Former Postmaster.

Washington, May 13th.—While at the Postoffice department yesterday Governor Cox put in a good word for Henry Kampf, who is a candidate for the Piqua postoffice. Kampf now is in Washington pushing his candidacy.

Ohio has not yet received her share of the Federal patronage at large, and it was intimated at the White House that the joint indorsement of Governor Cox and Mayor Baker, of Cleveland, would land two or three Ohio Democrats in desirable berths. What these jobs are has yet to be revealed.

The governor took occasion to deny a report printed in Ohio that he would interfere with the confirmation of Forest L. May as postmaster at Dayton.

Today the Governor talked with Secretary of War Garrison concerning the flood situation, and told him among other things that he intends to recommend to the State Legislature next January that the problem in Ohio be considered in conjunction with the Federal government.

Hold Important Meeting Tonight

The G. A. R. Encampment committee will meet at Memorial hall tonight at 7:30, and every member of the executive committee and as many members of the entire committee as can, are urged to be present without fail.

The meeting is an important one, and members of the committees should not fail to be present.

Conductor Has Leg Crushed

A. E. Kilgore, conductor on the D. T. & L. had his right leg badly crushed by being caught between the running boards of two trains at Clinton early Tuesday morning.

He was taken to the hospital in Springfield where his injuries were dressed. It will be two or three weeks before he can resume work.

LONG STAY FOR TROOPS.

On Border Six Months at Least, Says General Wood.

Galveston, Tex. — Major General Leonard Wood, chief of staff, has declared that the second division of the United States army will remain mobilized at Galveston and Texas City until the causes of the mobilization are removed.

"I do not know just how long the division will remain mobilized," he said, "nor does any other man know. I am sure the stay will be a long one, six months or more."

General Wood, who was on a tour of inspection of border camps, visited Fort Crockett here and expressed satisfaction with regard to conditions. Training of the men in maneuvers and mobilization would be valuable to the army, he declared, and he directed that the greatest attention be given to the solution of the transportation problem. He insisted that the evolving of a new plan for the distribution of supplies for an army in the field was all important.

TO MAKE SPARROWS DRUNK.

When Intoxicated They Will Be Killed Humanely.

Greeley, Colo. — This town, founded by Horace Greeley for the promulgation of temperance principles and which never has had a saloon, is soon to see drunks in large numbers if the plans of ten women are carried out. They plan to get intoxicated English sparrows and finches, especially the females, in order that the two may be separated and the sparrows put peacefully to death.

The idea is to put out pans of seed soaked in alcohol. The birds flock to the pans, eat and soon are drunk.

The English sparrows, which kill off the finches, will be killed, and the finches, which destroy harmful insects, will be allowed to get sober and fly away.

Ohio's Revolver Toting Statute Is Very Severe

One piece of legislation which was given but passing notice during the sessions of the recently adjourned legislature but which will be far reaching in its influence is the amendment of Section 12,819 of the general code of Ohio fixing a severe penalty for the carrying of concealed weapons.

Whoever carries a pistol, bowie knife, dirk or other dangerous weapon concealed on or about his person shall be imprisoned in the penitentiary not less than one year nor more than three years. Provided, however, that this act shall not affect the right of sheriffs, regularly appointed police officers of incorporated cities and villages, regularly elected constables and special officers as provided by Section 2833, 4373, 100700; 10108 and 12857 of the General Code to go armed when on duty. Providing, further that it shall be lawful for deputy sheriffs and specially appointed police officers, except as are appointed or called into service by virtue of the authority of said section 2833, 4373, 10070, 10103 and 12857 of the General Code, to go armed if they first give bond to the state of Ohio, to be approved by the clerk of the court of common pleas, in the sum of one thousand dollars conditioned to save the public harmless by reason of any unlawful use of such weapons carried by them, and any person injured by such improper use may have recourse of said bond.

Of hardly less interest as a social function than as a musical event will be the High School Glee Club concert Wednesday night at Grace M. E. church. The High school set are expecting a number of visitors for the concert and are so full of anticipation that their enthusiasm is proving infectious.

Withal, the delightful Glee club concerts of the past, the one to be given Wednesday night, expects to achieve new laurels. Both the Girls' and the Boys' Glee clubs this year are very strong and the ensemble chorus work will be in the concert class.

Beautiful glees, fine quartets, solos and a splendid reading by the class president of 1913, Davis Edwards, will all contribute to a program that will be a musical treat as well as a distinctive Glee club concert.

Two Children
Burn to Death

Lloyd Emerson, Good, a year-old son of Mr. and Mrs. Pearl Good, and Della Campbell, neighbor and playmate of little Lloyd, were burned to death near Amanda a day or two ago when they attempted to start a fire with a can of kerosene.

The two children had eaten breakfast and were playing together in the summer kitchen while their fathers were out in the field at work.

Mrs. Good was at her own home sewing and Mrs. Campbell was in another part of her home. The children went to the kitchen and the little girl attempted to revive the fire with coal oil and set the can on top of the stove. Instantly there was an explosion, the clothing of the children caught fire and the kitchen was in flames. The little boy burned to death and the little girl was so badly burned that she died Sunday morning.

The fire had practically destroyed the summer kitchen before discovered by Mr. Campbell. The half-distracted farmer ran into the flaming building and caught up his screaming child just before the structure collapsed.

When the remains of the little boy was recovered the body was burned to a crisp, the features unrecognizable and his hands and feet were burned off.

Court of Appeals
Still in Session

The Court of Appeals, which convened yesterday morning for the May term is still engaged in hearing cases which come there from the Court of Common Pleas.

The case of Cooperd against Grant, an injunction suit involving the title to and the right to use the stairway leading to the second floor of the building in which is located the dry goods store of Craig Bros. and the S. S. Cokerill Grocery store, was argued on Monday and submitted to the court.

No decision has as yet been announced.

The cases of Harbue vs. Allen and C. C. Payer and others against Nye Gregg, trustee, were also argued and submitted to the court, but no decisions announced.

Mexican War
Veterans Meet

State and national reunions of Mexican war veterans will be held at London, Ohio, this year, on July 19 and 21. This was recently decided by a meeting of several of the veterans.

Notwithstanding the entire country is included in the invitation, only about 25 members are expected to attend. One of the principal questions to be determined by the grizzled fighters is the disposition of all records, which have been preserved throughout the years. They are desirous of arranging with the state to do this.

Capt. John A. Fisher, of Chillicothe, 87 years of age, and James E. Buell, of South Vienna, 84, are members of the Mexican war veterans, Comrade Buell being present of the Ohio association.

Freight
Traffic Is
On the Boom

Cincinnati, O., May 12.—That Cincinnati railroads are rapidly getting back to their normal volume of freight traffic is shown by reports of last week to the operating department of the B. and O. Southwestern, and C. H. and D. The C. H. and D. now is handling an average of about 50 more cars daily than during the corresponding period of last year. This freight volume consists principally of coal tonnage, which is being received from the Chesapeake and Ohio for delivery at Toledo through the Cincinnati gateway. The Southwestern is handling about 700 more cars every day than at this time last year. Most of this freight consists of general business, not being confined to any one commodity.

SECOND TRIAL SOON
FOR SZABO MURDER

Burton W. Gibson to Be Tried
In Newburg This Time.

Newburg, N. Y., Burton W. Gibson will shortly be placed on trial for the second time charged with murder in having strangled Rosa Menschick Szabo in a rowboat at Greenwood lake, July 10 last.

The previous trial of the lawyer took place last November at Goshen, Orange county, before Judge Arthur S. Tompkins and a jury of farmers. There seemed to be every indication of conviction, but the jury disagreed. It was later learned that jurymen were affronted by the fact that the prosecution was conducted by Assistant District Attorney Isidor Wasservogel of New York county.

"Orange county has as able lawyers as New York county," said one. "At the next trial there will be an Orange county jury, an Orange county judge and an Orange county prosecutor."

District Attorney John Wilson will conduct the case in person. It is said new witnesses have been discovered and the testimony of some who appeared for Gibson may be impeached.

The fact that Gibson will be tried again, in spite of the expense, indicates that the prosecutor believes he has a very strong case.

Gibson will be arraigned before Judge Tompkins in Newburg instead of Goshen.

CATCHES PUMA WITH ROPE.

Mountain Lion Measures Nine Feet From Nose to Tip of Tail.

Montrose, Colo.—A mountain lion, the largest ever captured in this part of the country, was caught by Uri Hotchkiss, hunter and trapper of Colono, six miles east of here. The lion stands three feet high, is nine feet from tip of nose to end of tail and weighs 140 pounds.

Hotchkiss heard of the lion and, in company with his son George and Roy Humphrey, started out with a pack of dogs. The dogs freed the lion. Hotchkiss climbed the tree armed only with a rope. The lion chased him down several times, but finally he threw the rope around the beast's neck.

The other men hauled the animal down, secured him with ropes, and the party took the lion to Colono.

Alumni Association
Handsomely Entertains

One of the most interesting and delightful social events of the season was the party given in Wayne Hall at Good Hope on May 9 under the auspices of the Wayne Township Alumni Association. The hall was very beautifully decorated in the class colors, violet and green and the program with its various attractions was thoroughly enjoyed. Very excellent music was furnished by Mr. Horstman and Mr. Knoesley. Several out-of-town guests were present.

Following is the program:

Now for the Senate

In much less time and with very much less debate than it was generally expected would be consumed, the national House of Representatives passed the Underwood Tariff bill—the measure which bore the sanction and received the earnest support of President Wilson.

For this very remarkably prompt action, in view of all the circumstances the House of Representatives deserves the thanks of the people of the land.

No matter how any individual representative may have felt about the wisdom of the measure, no matter what his personal or political interests may have dictated, and no matter how his immediate constituency may have been affected by any one particular item in all the long schedules, the voters of the land had issued positive instructions to reduce the tariff and do so in no faint hearted, inconsequential way.

Not only had the people voted once for a very material reduction of the tariff they had done so twice and there could be no doubt about the wishes of the people. It then ill became any representative to place his individual opinion above those unmistakable demands of the great majority of the voters. Any representative in Congress who felt that he could not conscientiously vote for the party program should have resigned his seat in the halls of Congress.

To the credit of the majority of representatives in Congress it must be set down, however, that they were equal to the occasion and discharged their official duty manfully.

It was undeniably "against the grain" for some of them to vote for the Underwood bill, but they took the medicine which the people had ordered.

The Senate, when it comes to the consideration of the new tariff measure will do well to follow the example of the House and get through and go home. Only a selfish consideration of either themselves or their particular constituency need cause delay.

The people do not generally regard the work of reducing the tariff a difficult one, if done on principle and the Senate will be held in much higher esteem if it does not seek to make the work appear difficult.

The nation wants an end of the tariff talk and tariff agitation, and a thorough try-out of a markedly lower tariff.

There can be no doubt about that. The Senate must finish its work in less time really than the House consumed.

The duty is plain. Long drawn out debate is only necessary in the event it is sought to build up an alibi for failure to act as ordered.

Move it along and get through is the order of the voters.

The Bad Boy Is Not Bad at Heart

He Needs Your Greater Sympathy

By JACOB A. RIIS, Sociologist,
of New York

FIRST ask the question, "Is the boy bad at heart?" In nine cases out of ten the answer will be NO.

PERFECTLY GOOD CHILDREN ARE SPOILED BY NOT BEING UNDERSTOOD.

Never send a police officer after a boy. It is the worst thing you can do.

After the policeman has chased him he has a feeling of heroism which MAKES HIM WANT TO BREAK THE LAW AGAIN.

The little boy is like a little steam boiler and always boiling. You can sit on his safety valve, but you are a fool if you do.

A BOY WHO IS TIED DOWN NEVER BECOMES A WHOLE MAN.

The future of the republic lies not in our natural resources, but in the boys and girls.

Manual training is accomplishing a great work. It does not teach our children to become cooks and mechanics, but MEN AND WOMEN.

We must have greater sympathy for the bad boys if they are to be saved.

Poetry For Today

THE DEPARTED FRIEND.

Though he that ever kind and true
Kept stoutly step by step with you,
Your whole, long, gusty lifetime
through,
Be gone a while before—
Be now a moment gone before,
Yet doubt not; anon the seasons shall
restore
Your friend to you.

He has but turned a corner—still
He pushes on with right good will
Through mire and marsh, by heugh
and bill,
That self-same arduous way—
That self-same upland, hopeful way
That you and he through many a
doubtful day
Attempted still.

He is not dead, this friend—not dead
But in the path we mortals tread
Got some few, trifling steps ahead
And nearer to the end
So that you, too, once past the bend
Shall meet again, as face to face, this
friend
You fancy dead.

Push gayly on, strong heart, the
while
You travel forward, mile by mile
He loiters with a backward smile—
Till you can overtake,
And strains his eyes to search his
wake,
Or, whistling, as he sees you through
the brake,
Waits on a stile.

INTERESTING BITS OF NEWS

Uncle Sam's postage stamp collection, one of the finest in the world, and valued at \$500,000, was placed for preservation by Postmaster General Hitchcock, during the latter part of the Taft administration, in the National museum at Washington, D. C.

Automobile tire manufacturers estimate that close to 5,000,000 tires will be made in the United States in 1913, about 18,000 per day. A careful estimate places the total amount of rubber goods of all classes produced in the U. S. during 1912 at \$220,000,000. This includes tires, boots and shoes, mechanical goods, etc. The United States Rubber company says its boot and shoe business was at least \$50,000,000 and tire sales \$30,000,000 or close to 35 per cent. of the entire rubber goods manufacturing business of the United States. Over 50 per cent of the world's output of rubber goods is manufactured in the United States.

While blasting stone in a quarry along the Pennsylvania railroad over a mile south of Piqua, a stone seven and one-half pounds in weight was sent whirling through the air and deposited via the roof on the floor of a livery stable situated on a main street in that city. The incident is considered remarkable as no one was hurt and the hole in the roof of the stable is as round and clean cut as if made with a knife.

A suffragette is deploring the fact that Governor Cox vetoed the bill to restore to the Adams county vote sellers the right of suffrage, giving for her reason that the bribe-takers will have to remain for the present the political equals of Ohio's noblest women, instead of being their political superiors.

The moving picture men at Portsmouth have decided to make no further efforts to open their theaters on Sunday believing that the law will be enforced against others as well and that if all they have been demanding. The movies profess to believe the recent grand jury finding to apply to all, including drugists, garage dealers and all other businesses open Sundays.

What Time Is It in Havana?

While the usual newspaper reader in the United States may have a fairly good idea of time in our different time zones as related to the standard at Washington, perhaps not one in a thousand could be able to make a guess as to time in the continent to the south of us. Synchronism with, say, the hour of noon at Washington city, most of us, without thought on the subject, hastily assume that our Atlantic coast is not far to the west of the Atlantic coast line of Brazil, when as a matter of fact when it is noon at Washington; it is 2:07 p. m. at Rio de Janeiro. A GLIMPSE BACK THROUGH YEARS

(John E. M. Kerr.)

December 2, 1869.

A writer in the Xenia Torch is trying to make a manufacturing town of Xenia. It's of no use! Xenia is too near Washington and London ever to do a very big business.

The Chillicothe Gazette thinks that from its "standpoint Washington is inclined to give herself metropolitan airs. Simply because our council is discussing the necessity of erecting a work house here." The ancient metropolis must look out for her heirs or the metropolitan city of "Little Bristle" will have them in her work house.

There is more catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only medicine that cures it. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists. Take Hall's Family Bibles for testimonials.

Frost Serious Throughout State

The frost of Saturday and Sunday night, which was general throughout this part of Ohio, was more serious than at first predicted, and some of the main fruit counties are bawling the loss of almost the entire fruit crop.

Everything but peaches was killed in some fruit communities. It is claimed. However, as some of the more tender plants escaped the frost it is possible that much of the fruit

also escaped, regardless of the reports to the contrary.

Ross county was one of the worst sufferers, and some of the fruit growers state that they will have little or no fruit this season, other than some of the late bearing varieties. L. B. Yaple, who has one orchard of 40 acres, claims all of the crop was killed.

Can Hold Fair At Chillicothe

Officials of the B. & O. have announced that the purchase of the fair grounds at Chillicothe need not prevent a fair being held there this year, and state that the grounds can be leased if a fair is desired, and that the lease will be given at moderate cost.

It was at first believed that the B. & O. would immediately cut the grounds in twain for yard purposes, but the strip of ground to be utilized this year will not interfere with giving a fair.

Volley Ball Game Tonight At Y. M. C. A.

The second series of volley ball games will be begun tonight at the Y. M. C. A. and the business men of

the city are cordially invited to be present. Much interest has attached to these contests and both participants and spectators have enjoyed them immensely.

The large turnouts heretofore at the games have felt amply repaid for their visit to the game room of the Y. M. C. A.

Sir Cecil A. Spring-Rice, New English Ambassador

Photo copyright 1913, by American Press Association.

THE return of Sir Cecil Arthur Spring-Rice to Washington after several years' absence, this time as ambassador from England, was the most important event in diplomatic circles at the national capital since Woodrow Wilson became president. Sir Cecil proved himself at once democratic and at home. He served at Washington before as secretary at the British embassy. As successor to the Hon. James Bryce the new ambassador faced no easy task to attain the place held in the estimation of the country by that honored representative. Sir Cecil was prepared to take up the Panama canal tolls question, which proved one of the most delicate international questions facing the new administration.

Strikers Refuse To Arbitrate

Special to Herald.

Cincinnati, O., May 13.—The striking street car men today refused to arbitrate their difference with the Cincinnati Traction Company unless the company recognized the union. They voted to continue the big strike.

Insurance Men Hold Meeting

A meeting of the Chillicothe district of the Metropolitan Life Insurance Co. was held at the local offices of the company last Saturday. The following out-of-town representatives were in attendance: Messrs. E. V. Leach, A. A. Goodman, L. B. Collins, Max Haes, of Portsmouth, Ohio; Messrs. G. H. Miller, W. N. DeWane, of Washington, C. H.; O. R. Moon, of Sabina; E. C. Nichols, of Wilmington; C. H. Richards, of Wellston; Simon Noggle, of Circleville; Henry Roush, of Greenfield.

This meeting was the first to be held since the flood and the gratifying news was told of the company's liberality toward the men in employ who suffered by loss of pay. Each agent was given a handsome sum by the company, wherever he looks after its men, in sickness, furnishing hospital and sanitarium accommodations, as well as relief in distress.

After a business session and dinner the whole party became Superintendent Rush's guests at the ball park and enjoyed seeing Chillicothe's first ball victory of the season. Supt. I. N. Rush and Asst. Supt. G. J. Heinzelman of this city, and Assistants E. V. Leach, of Portsmouth, and G. H. Miller, of Washington, C. H., will represent the district at the state convention to be held in Dayton, Ohio, next Wednesday—Chillicothe Gazette.

Try the Union Suits

Join the "more than a million" men and boys who enjoy Chalmers "Porosknit" Summer Underwear. You'll find it more comfortable than any other underwear you've ever worn. "Porosknit" Union Suits are advanced comfort. For instance; ordinarily a union suit isn't elastic in the direction of the pull from crotch to shoulder; so, when you bend, it "cuts" in the crotch. Not so in "Porosknit." This fabric is made so the elasticity in the back of the Union Suit acts up-and-down, too. You may twist and bend as you wish, even in a snug suit, and it "gives" easily so it can't bind nor "cut." It fits so you feel good all over.

Chalmers "Porosknit" is light, cool, absorbent, durable. Go to any store that displays the Chalmers "Porosknit" Summer Underwear. Buy it and be comfortable.

Reply to Note of the Powers in Regard to Peace Conference.

Sofia, May 13.—The reply of the allies to the note of the powers in regard to a peace conference in London was handed to the ministers. The note says the allies are ready to cease hostilities and to agree on London as the meeting place for a peace conference, to which they will appoint the same plenipotentiaries as represented them on the previous occasion.

they could not arrive at a decision as to the third member, a United States judge was to make the selection. The company also asked their men to return to work at once.

No union representatives were at the meeting, but they were later in consultation with Mayor Hunt. They objected to the proposition by the traction company, claiming it did not meet the vital principle of recognition of their union.

Bishop Theodore Irving Reese of Columbus, president of the state board of arbitration, and D. H. Sullivan, secretary of the board, arrived here and were in consultation with traction officials and labor leaders, tendering the good offices of the board to bring about a settlement of the strike.

Employees of the Covington, Newport and Cincinnati Railway company inaugurated a strike on that system at midnight. The Kentucky union has not as yet presented any demands for an increase in pay.

Militiamen Ready to Respond.

Columbus, O., May 13.—If troops are needed in Cincinnati as a result of the streetcar strike, they can be sent there on short notice. George F. Burns, secretary to Governor Cox, said that there had been no intimation that a call would be made for troops. He is keeping an eye on the situation in the absence of Governor Cox, who is in Washington on Ohio flood business.

GENERAL STRIKE FEARED

Lockout in Building Trades May Cause Total Suspension.

Cincinnati, O., May 13.—This city's labor troubles were complicated when the lockout decided upon last week by the building employers' association became effective. Between 700 and 800 men were thrown out of employment by the lockout and this is expected to precipitate a general strike of all members of the building trades unions, except possibly the carpenters and bricklayers. This will mean the laying down of tools by from 6,000 to 7,000 men. The difficulty is over the question of sympathetic strike. Union men insist that the employers should sign an agreement containing this clause, which the employers refuse to do.

PROFESSOR TAFT GIVES FEW VIEWS

Taft On Progressives' Policies.

New Haven, May 12.—In his fourth lecture on "Some Questions of Modern Government" at Yale, Professor William H. Taft characterized the form of government advocated by the Progressives as half-triangular and leading to anarchy and a despotism of the majority. Professor Taft's statements were made in connection with his discussion of the recall of executive and administrative officers.

HAS REFERENDUM RIDER

Wilson's Primary Reform Bill Passes the New Jersey House.

Trenton, N. J., May 12.—President Wilson's compromise jury reform bill passed the house after it had been amended by tacking on a statewide referendum. This necessitates acceptance of the measure by popular vote before it becomes operative. The passage of the bill with a referendum is regarded as more of a defeat than a victory for the president. The final vote on the bill was 39 to 15.

Government Strengthening Defenses On the Pacific Coast.

Philadelphia, May 13.—That the United States government is taking every precaution against an invasion on the Pacific coast, was the statement made here by well-posted shipping men when they learned that the E. I. Dupont-Demours Powder company of Wilmington had chartered 12 foreign vessels for the purpose of carrying explosives to the Pacific coast defenses.

NO WAR LIKELY WHILE HE IS SECRETARY

Bryan Knows No Cause That Can Not Be Settled By Reason.

Washington, May 13.—Secretary of State Bryan told the international gathering of Anglo-Saxon peace propagandists that there would be no war while he was secretary of state.

The announcement came in the course of the after-dinner speech of the secretary at the banquet in honor of distinguished visitors. This was the nearest reference made by the secretary to any policy of the administration, and it was taken as a guarded reference to the alarmist reports in regard to Japan.

Mr. Bryan said: "I made up my mind before I accepted the office of secretary of state that I would not take the office if I thought there was to be a war during my tenure. When I say this I am confident that I shall have no cause to change my view, for we know no cause today that can not be settled better by reason than by war."

Administration Desirous of Extending Arbitration Treaties.

Washington, May 13.—Secretary of State Bryan announced that not only was the president desirous of extending the arbitration treaty with Great Britain, which expires next month, but also the arbitration treaties with all other nations willing to renew them. The United States has nearly a score of arbitration treaties which were made to cover a period of five years, beginning in 1908 and 1909. Among them is an arbitration treaty with Japan, which expires next August.

leaders, "but rather a remedying of the causes in the Republican party which resulted in the separation."

The conference, attended by six United States senators, numerous members of the house of representatives and leaders from states as distant as Massachusetts and California, resulted in the issuance of a statement which expressed the belief that the Republican national committee should call a Republican national convention, at as early a date as possible, for the purpose of effecting radical changes in party affairs, and especially in reference to the conduct of future national conventions.

Hostility to the present national committee has been openly expressed by several of the progressives. Senator Kenyon's statement that most of us "would have no objection to most of the national committee resigning" is backed up by Senator Sherman of Illinois.

OHIO HAPPENINGS

Girl Balloonist's Thrilling Trip.

Columbus, O., May 13.—Miss Clara Moffett, 18, of Dayton, had visions of sudden fame as a sensational balloon ascensionist, but these visions faded as she felt herself falling through 2,500 feet of atmosphere and land in the top of a tree near Fair Avenue school. Fortunately, her injuries were slight, and she will return to Dayton to beg forgiveness of her parents, from whom she ran away last Saturday to join a street carnival company.

Probing Charges Against Baber.

Dayton, O., May 12.—Members of the state board of administration today began an investigation of the charges of misconduct in office and neglect of duty which were brought against Dr. E. A. Baber, superintendent of the Dayton state hospital, by Dr. J. V. Keen, formerly assistant superintendent of the institution, who was discharged April 1. A number of witnesses were examined.

Punishes Child; Ends Life.

Cleveland, O., May 13.—Remorse over the punishment he had administered to his 10-year-old daughter Susan led Ballinger Spies to hang himself in the Orange avenue police station. He had been arrested when it was reported to the police that he had choked his daughter into unconsciousness. He was found dead, suspended from the bars of his cell by his belt.

Commission Plan For Akron.

Akron, O., May 13.—Arguments pro and con were heard over the action of the city charter commission in voting 8 to 6, binding itself to the commission form of government. The resolution adopted provides that administrative power be centered in one man. The other four commissioners shall act merely as advisors.

Undertaker Osman Acquitted.

Columbus, O., May 13.—The jury in the case of O. H. Osman, West Side undertaker, tried, on the charge of robbing the body of Mrs. Sarah Scoville, flood victim, returned a verdict of not guilty, after less than an hour's deliberation.

Black Prince Dead.

Columbus, O., May 13.—John Alexander, 77, colored gambler, who in his palmy days was known as the Black Prince, is dead of the infirmities of age. He died poor.

Two Children Burned.

Lancaster, O., May 13.—Lloyd Campbell, son of Harrison Campbell, and little Dana Good, a neighbor's daughter, 12 miles west of this city, while playing, started a fire with a can of coal oil and the lad was burned to death. The little girl is not expected to live.
